

7th ENII EFIS/EJI SPRING SCHOOL IN ADVANCED IMMUNOLOGY

April 15-22, 2012 • Porto Conte, Sardinia, Italy

Co-Organized by

Porto Conte
Ricerche

Conference Venue

**PORTO
CONTE
RICERCHE
RESEARCH CENTRE**

Hotel Accommodation

**HOTEL
EL FARO**

School Board:

Günter Hämmerling – Scientific co-organizer

Andreas Radbruch – Scientific co-organizer

James Di Santo, *Paola Castagnoli*

Adrian Hayday, *Bernard Malissen*

Maries van den Broek

Registration deadlines:

Extra Early: 15 December 2011

Early: 1 February 2012

Final : 1 March 2012

For information:

school@enii.org

Also supported by:

REGIONE AUTONOMA DELLA SARDEGNA

Singapore
Immunology Network

GUEST FACULTY

Burkhard Becher - Cytokine networks in autoimmune disease

Christophe Benoist - Tolerance and autoimmune disease

Andrew Bushell - Transplantation tolerance

Paola Castagnoli - Regulatory Functions of Dendritic Cells

James di Santo - Innate Lymphoid Cells - An Emerging Family of Immune Effectors

Awen Gallimore - Positive and negative influences on tumour immunity

Siemon Gordon - Macrophage receptors and innate immunity

Günter Hämmerling - Regulation of tumor immunity

Adrian Hayday - Immune surveillance in tissues

Ludger Klein - Thymic selection

Bernard Malissen - Autoimmune pathologies resulting from aberrations in T cell development

Alberto Mantovani - Humoral innate immunity: interplay with cellular effectors

Reina Mebius - Organogenesis of the immune system

Fiona Powrie - Immune regulation in the intestine

Andreas Radbruch - The organisation of immunological memory

Maries van den Broek - Priming and tolerance of T cell responses

Hermann Wagner - TLRs

Keynote Lecture: Diane Mathis
